Web Developer

## ABOUT ME

A passionate web developer with a strong foundation in both front-end and back-end technologies, seeking a role where I can contribute to building innovative and user-centered web applications. I am eager to leverage my expertise in React, Node.js, and API integrations to solve real-world challenges, while continuously expanding my skills in new technologies. I am looking for opportunities in a dynamic development team that values creativity, collaboration, and continuous improvement, allowing me to grow both professionally and technically.
